

# *Gork's* **GOODFILLA**

← **WATER BASED** →

# **WOOD & GRAIN FILLER**

## **INSTRUCTIONS:**

- ★ If contents wet - stir
- ★ If contents dry - add water and stir
- ★ Goodfilla is uniquely ideal for all wood finishing, repairing, and restoring
- ★ Match color to wood if using clear finish
- ★ Can be mixed with any tint, stain or dye for a custom color
- ★ To use as a grain filler or primer, mix one part filler to one part water and apply with a damp cloth
- ★ Fill deep holes in layers
- ★ Smooth with a damp cloth or sandpaper when dry
- ★ Seal to waterproof
- ★ Accepts any finish
- ★ Will not blind the grain
- ★ Non-toxic, non-flammable
- ★ Water clean up
- ★ All purpose

← **NON-SHRINKING** →

**Gives a flawless finish • Totally stainable and paintable  
Hides nail holes, cracks, and knots**
